

Amendments to Bristol County Radio Control, Inc. By-laws

1. Field and Pond Safety –All club members must be certified/qualified by the Safety Officer, or his designee, before being allowed to fly unaided at the club sites.

2. Club Events – All pilots will be required to be certified/qualified by the Safety Officer, or his designee, before participating in all sanctioned or public club events whether on or off club sites. All participating aircraft must be deemed “airworthy” in the opinion of the Safety Officer or his designee.

3. All members’ vehicles must display the newly issued BCRCC placards at all times while the vehicle is on the Smith Neck Rd/Ferry Field property. Please attach the placard to the rear view mirror or sun visor when you enter the lane and leave it in place while at the field.

Amended August 6, 2019
